Dear Aspirants,

The UPSC journey is a test of endurance, clarity, and direction. At The Study IAS, under the guidance of Manikant Sir, we understand the struggles—both for newbies, overwhelmed by the syllabus and veterans, stuck despite years of effort. The traditional '**Quantitative**' coaching model, with its endless classes, redundant materials, and misaligned mentorship, often leaves you lost. We're here to change that with a transformative approach that prioritizes conceptual clarity, interconnected learning, and structured guidance. Here's how we address your challenges:

## How our Pedagogy breaks this cycle ?

### Solution 1

Manikant Sir's interconnected pedagogy links subjects and current affairs, emphasizing 'why' and 'how' for intuitive, analytical understanding.

### Solution 2

The Study IAS curates high-quality content via the Faculty-Mentor-Content (FMC) Model, aligning lectures, materials, and mentorship for focused preparation.

### Solution 3

The FMC Model ensures faculty, mentors, and content align, with Manikant Sir overseeing tailored, consistent guidance.

### Solution 4

The Read-Write-Revise (RWR) Model, guided by Manikant Sir, builds structured answer-writing skills from Day 1.

### Solution 5

Manikant Sir's Interconnected Approach integrates current affairs with static syllabus for holistic, relevant preparation.

### Solution 6

Faculty, led by Manikant Sir, synchronizes classes across subjects for a cohesive, interconnected learning experience.

# About Us

## HOW THE STUDY IAS WILL HELP YOU EXCEL ?

**The educational paradigm is broken!** Studying in silos and rote learning, is the primary reason why students are not able to discover their true potential. Also, it is one of the biggest roadblocks they face in cracking the Civil Services Exam. It is almost impossible, to study and retain 10–15 subjects, especially when you haven't encountered most of them in your school or college life. The reason you feel overwhelmed and insecure during your preparation journey is - an unscientific approach. UPSC isn't about mindless hard work, but mindful 'smart work'. In our 30+ years of experience in the field of education and guiding UPSC Aspirants, The Study IAS, under the guidance of Manikant Singh sir, has devised a roadmap. Through a **pattern of 'changes' and 'interlinkages'**, you can make your studies very easy, enjoyable, and fruitful. We make sure you become capable enough to clear this Exam through - a pattern of **interdisciplinary approach**, exam-oriented practice, and coordinated teaching in the classroom. You do not need to belong to prestigious universities and institutions. Through our flagship courses of **GS Foundation** and **History Optional**, we make the best quality education, accessible to all!

## OUR PHILOSOPHY

Clarity Over Volume

Interconnected Learning

Thinking Over Memorising

Progressive Strategy

## FMC MODEL

### “Unified Learning Experience: Where Faculty, Mentors, and Content Work as One”

In the Factory Model of UPSC Preparation - each faculty focuses on highly specialised teaching that is not required; Mentors confuse students with a list of additional resources, and the coaching material is a random collection of facts that no one refers to.

**Faculty Coordination Through Interlinkages:** Our teachers don't work in isolation. The schedule focuses on the interlinkages between subjects by dividing them into blocks - 'History - Indian Polity - Indian Economy' and 'Geography - Environment - Science Tech' where topics of one subject help aid the understanding of the other. **Remember**-the UPSC syllabus only mentions these topics and it is your teachers, under the guidance of Manikant Sir, who focus on both inter and intra-subject interlinkages.

**Mentor Alignment:** Your mentor follows the same roadmap as your teachers. No contradictory advice, no additional burden—just focused guidance that supports your classroom learning.

**Content Integration:** The most updated and comprehensive book series designed by the same team that teaches you. No disconnection between what you study and what you learn in class.

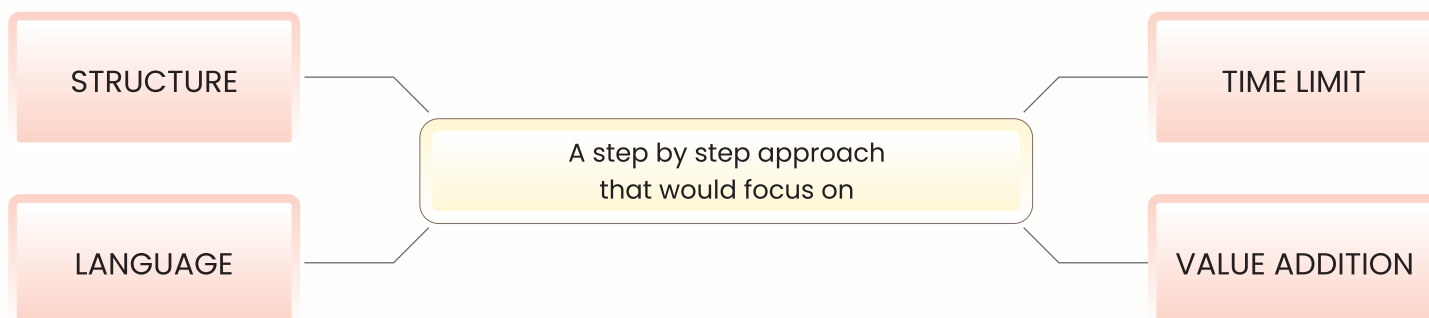

## Read-Write-Revise Paradigm

### “Master the Art of Answer Writing: From Reading to Results”

UPSC is a writing game - ultimately, your name in the Holy PDF will depend on your ability to differentiate your answers from others, as Mains constitute 1750 out of 2025 marks, which is 86 % of your total marks. Therefore, as Sun Tzu says in his 'Art of War' -

**“Plan for what is difficult while it is easy; do what is great while it is small.”**

- 1) **Writing practice** with graded difficulty levels EVERYDAY in class;
- 2) **Special classes by Manikant Sir** himself - 'How to Read' and 'How to Write Precisely' which focuses on identifying central ideas and then framing your arguments and examples in the most appropriate way along the art of reading newspapers without getting overwhelmed by them.
- 3) **Year-long Answer Writing Programme:** Focusing on the art of structuring and interconnectivity
- 4) **Our special 'Read - Write - Revise'** Mains Super Advance Course - Intensive Mains Oriented Practice and specialised focus on Essays .

## GS FOUNDATION COURSE (BASIC TO ADVANCE)

This is not just a GS course – it is a complete academic and strategic transformation program designed for serious aspirants who want to build their preparation on solid ground.

Structured over **14–15 months**, this program covers both Prelims and Mains, and focuses on building a powerful command over concepts, writing, and strategic clarity.

### WHAT MAKES THIS COURSE DIFFERENT:

- Scientific Topic Arrangement across **GS1–4** with real-world interlinkages
- Daily Structuring & Answer Writing Drills from the very first class
- **'How To Read'** and **'How to Write Precisely'** classes by Manikant Sir
- GS Manthan – Current Affairs integration led by Manikant Sir himself
- Essay & Ethics modules built into the core curriculum
- Printed Study Material designed to reduce overload and improve retention
- One-on-One Mentorship throughout your preparation journey
- Available in Hindi & English, both Online and Offline modes
